REMARKS

Claim 1 - 14, 16, 20, 21, 26 - 28 have been canceled.

Claims 15, 17 - 19 and 22 - 25, deemed allowable if amended to overcome the rejections under 35 U.S.C. 112, 2<sup>nd</sup> paragraph, have been amended to overcome all formal objections.

With regard to claim 15, the term "intermediate" has been substituted for by "lower" and the term "top" by "upper" to more clearly define applicant's rails.

Claim 19 has been amended by deletion of "and elliptical-shaped inserts", since the spaces recited in claim 19 are "square".

Claim 23 has been amended by deletion of "plastic" and by addition of "elliptical-shaped" from claim 19.

It is believed claims 15, 17 - 19 and 22 - 25 comply with all formal requirements and are in condition for allowance.

With regard to the issue of non-statutory double patenting, we enclose a terminal disclaimer.

Favourable consideration of the claims as amended and withdrawal of the Final Rejection accordingly are earnestly solicited.

Respectfully submitted,  
Nicola Leone
